EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In page 4, line 26 between the word "expansion" and "12" the following has been inserted: ---bulge---

In page 5, line 6, between the word "expansion" and "12" the following has been inserted: ---bulge---

In page 5, line 21, between the word "expansion" and "12" the following has been inserted: ---bulge---

In page 5, line 21, between the word "design" and "8" the following has been inserted: ---bulge---

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: After careful consideration of the Applicant's remarks the Examiner has found the independent claims are allowable. There is no evidence in the prior art of a prosthesis set comprising an anchoring part that is disposable in a marrow bone of the amputated limb, the anchoring part comprising a bolt-like shape with a stem and a head at one end of the stem, said head having a shape such that disposition of the anchoring part in the marrow bone of the amputated limb causes a local bulge in the stump and a prosthesis sleeve comprising anchoring means, comprising a bulge

corresponding to the local bulge of the limb establishing a local form fitting anchorage for the prosthesis sleeve.

DE 3125268 A1 teaches an implant having a stem and a head, however, the reference is silent with respect to the head causing a local bulge in the stump and does not disclose a prosthetic sleeve having a bulge corresponding to the local expansion of the limb and establishing a local form fitting anchorage for the prosthesis sleeve.

Finally, the Examiner wants to clarify, the claimed bulge in the prosthesis sleeve is not caused by the local bulge of the stump and the bulge is already made in the prosthesis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alvin J. Stewart whose telephone number is 571-272-4760. The examiner can normally be reached on Monday-Friday 7:00AM-5:30PM(1 Friday B-week off).
